ID Checker Guidance Notes

Online Disclosure and Barring Service (DBS) checks can be completed by accessing the internet from any device that has this facility. This includes a smart phone, tablet, laptop or PC. It is supported on the latest versions of all modern browsers; however, we do not recommend access via Internet Explorer as this browser is unsupported both by our technology and soon by Microsoft also.

You have been granted access to eBulkPlus in the role of an ID Checker. An ID Checker can view all applications created under the organisation or specific division they have been created under. The ID Checker can stipulate what ID has been seen in relation to an applicant. The ID Checker will then need to advise an Applicant Manager or Countersignatory (where applicable) within their organisation or division to complete the Section Y details and approve the application for countersigning.

Logging onto the System

Please enter the following address into your web browser: https://disclosure.capitarvs.co.uk/crvs

You will now be on the main login page that shows three white boxes. NB *Please note at this stage of the process, your login details are case sensitive.

Step 1. Click on 'Application Management', this will take you to the start of the application process.

- Enter your company Organisation Reference this will have been supplied to you in an automated email (if you cannot remember this please click on the 'Forgotten your login details?' icon at the bottom of the screen to be sent a reminder).
- Enter your Username.
- Enter your Date of Birth (for first initial login please ensure you enter the default date of birth 01 Jan 1998. Failure to do so will deny you access to the system).

Step 4 - Verifying ID

- You will notice at the top of the screen a box which highlights if the ID has been verified or not (see screen shot 7 above), with a section completion date. It will say in red '**Incomplete**' if the section has not been completed for either ID verification or Section Y. If there is a date entered it means that this action has been completed and will show the date that it was carried out on.
- To complete the ID verification section, click on '**Check ID**' (see screen shot 7 above), access to this section is located in two places at the top of the screen or on the overview of the actual form itself. You will now be on the ID screen (see screen shot 9 below).

APPLICATIONS	2
Identity Check Method	
You are now required to undertake an identity check to ensure the personal details entered on this application match the details held by the individual this check is being carried out against.	
The identity check can either be carried out using a certified identity service provider (IDSP) or by manually witnessing original documents provided to you by the applicant.	
Please select from the options below, how you wish to validate the identity of the individual this application has been completed for.

Verifying identity using the eBulk digital ID integration

This facility allows for the identity verification to be performed digitally and remotely without the need for the applicant to present original documents to you to be verified. It also allows you to request a digital Right to Work check at the same time as performing the identity verification digitally. If you wish to carry out the identity check using our certified identity service provider, please select **'Invite the applicant to undertake a digital ID check (plus digital Right to Work check if required)'** (see screen shot 9 above.)

You will now be taken to the digital invite page which will automatically populate the name and email address of the applicant where present (see screen shot 10 below.) To invite the applicant to undertake just a digital ID check, please select 'Digital ID Check Only' from the 'Digital ID Check Type' drop-down list and ensure their name and email address are populated along with selecting the email template to issue them. This will generate an email to the applicant allowing them to carry out their digital ID check via our certified IDSP.

To invite the applicant to undertake a digital ID check and a digital Right to Work Check, please select 'Right to Work + Digital ID Check' from the 'Digital ID Check Type' drop-down list and ensure their name and email address are populated along with selecting the email template to issue them. This will generate an email to the applicant allowing them to carry out their digital ID check and digital Right to Work check at the same time via our certified IDSP.

Once the digital ID check has been carried out, the ID section of the application will be updated with either a pass or fail result and a PDF report of the digital ID check can be downloaded by clicking the '**Download Digital ID Report**' button (see screen shots 11 & 12 below.)

If the result of the digital ID check is '**FAIL**', you must read the digital ID report to understand why and verify their identity manually depending on the reason the digital ID check failed. To do this, click the '**RESET ID CHECK**' button at the bottom of the ID screen to restart the identity process, this time selecting an alternative method.

If the result of the digital ID check is '**PASS**', the ID section will be auto completed upon receipt of the digital ID check result and there will be nothing further to do in relating to the identity verification part of the process.

If a digital Right to Work check was also requested, a '**RTW Check**' element will be added to the header of the application and will be updated with either a pass, fail or see report result and a PDF report of the digital Right to Work check can be downloaded by clicking the '**Download Digital ID Report**' button from either the ID screen or the RTW screen.

Verifying identity using a digital ID check already obtained

This facility allows you to verify the identity using a digital ID check already obtained via your own IDSP outside of our platform. If you wish to verify the identity using this method, please select **'Complete the ID check using a digital ID check already obtained'** (see screen shot 9 above and screen shot 13 below.)

- Please select the ID documents verified by the IDSP as part of the digital ID check undertaken.
- Ensure that you confirm from the drop-down boxes that they have verified the applicant's address and also that they have verified a document containing their date of birth.
- Please upload a copy of the digital ID report obtained from your IDSP by clicking 'Choose File'
- If a Cost Code or Personnel Number is required to be assigned to the specific application, this can be entered in the Cost Code / Personnel Number field.
- Now click 'Save' and then click the 'Return to Application' icon in the green box located at the top of the screen. Now you are ready to complete Section Y of the form (this is the equivalent to Section X on the new lilac paper DBS application forms).
- Once the ID Check has been saved, if you realise that it has been completed incorrectly or through the wrong route, you can reset the ID Check section and complete it again if required. Please note, you will only be able to do this if you have been assigned the appropriate user privilege to do so. To do this, go back into the ID Check screen and click the **'Reset ID Check'** button found at the bottom of the screen.

eBulkPlus will automatically ascertain the route that should (or must) be taken based on the nationality and country of birth stated by an applicant within their application form. If an applicant does not hold sufficient ID to be able to go through Route 1, you will then be required to click the 'NEXT ROUTE' button at the bottom of the screen.

- Please select the ID the applicant has provided for you from the drop down boxes. Guidance notes can be found at the top of the screen and are in accordance with the DBS Code of Practice. Please ensure at all times that you follow the ID checking rules e.g. do not accept a utility bill if it is more than 3 months old or do not accept an out of date passport.
- Ensure that you confirm from the drop-down boxes that you have verified a document showing the applicant's address and also that you have verified their date of birth.
- If a Cost Code or Personnel Number is required to be assigned to the specific application, this can be entered in the Cost Code / Personnel Number field.
- Now click 'Save' and then click the 'Return to Application' icon in the green box located at the top of the screen. Now you are ready to complete Section Y of the form (this is the equivalent to Section X on the new lilac paper DBS application forms).

Please note, that if an applicant cannot verify their identity via Routes 1, 2 or 3 they will not be able to process their application through eBulk and will need to complete a paper application stating 'NO' in section W59. Fingerprints will need to be taken and consent will be required by the applicant. An applicant who is a non-UK national seeking paid employment cannot go through its appropriate route; they will be unable to submit a DBS application.

A full list of DBS acceptable ID for each route can be found at the end of this guide

What you must do as part of the ID Checking process

When verifying identity manually, the applicant must provide a range of ID documents as part of the DBS check application process. As an employer you must:

- follow the ID checking process routes as outlined
- check and validate the information provided by the applicant on the application form
- establish the true identity of the applicant through the examination of a range of documents as set out in this guidance
- make sure the applicant provides details of all names by which they have been known
- make sure the applicant provides details of all addresses where they have lived in the last five years
- check that the online application is fully completed and the information it contains is accurate.
- you must only accept valid, current and original documentation
- you must not accept photocopies
- you must not accept documentation printed from the internet e.g. internet bank statements
- identity information for the applicant's name, date of birth and address recorded on the online application form must be validated
- you should in the first instance, seek documents with photographic identity (e.g. passport, new style driving licence, etc.) and for this to be compared against the applicant's likeness
- all documents must be in the applicant's current name
- one document must confirm the applicant's date of birth
- you must ensure that the applicant declares all previous name changes and provides documentary proof to support the change of name. If the applicant is unable to provide proof to support the change of name, you should hold a probing discussion with the applicant about the reasons why before considering validating their identity
- you must see at least one document to confirm the applicant's current address, in accordance with the guidance
- a document from each of the groups should be included only once in the document count e.g. don't accept two bank statements as two of the required documents, if they are from the same bank
- you should not accept the foreign equivalent of an identity document if that document is listed as '(UK)' on the list of valid identity documents
